---

## ABOUT

Passionate and detail-oriented Frontend Developer with proven expertise in crafting responsive, user-friendly, and SEO-optimized web experiences. Skilled in HTML, CSS, JavaScript, and Bootstrap 5, with a strong focus on building pixel-perfect, high-performance, and cross-browser compatible websites. Adept at developing scalable web solutions and interactive UI designs while staying current with emerging frontend technologies to deliver modern, cutting-edge digital experiences.

---

## EXPERIENCE

### Freelance Entrepreneur – Fiverr Platform May 2023 - Present

- Achieved Level Two Seller status with over 130 completed web development projects and 100+ 5-star reviews. Specialized in delivering responsive, user-friendly websites, UI/UX design, and custom web solutions, building a strong reputation for quality and client satisfaction.
